### ***Henderson, NV – November 2, 2020 – Flush the Mess! Wash the Rest!***

Baby Maternity Weekly Magazine is a national publication that provides new moms and moms-to-be with the latest information on all things baby. Included in each issue are wonderful product reviews to help new moms decide what they need at this very exciting time of their lives. babyMaternity Awards Program is unique in that all products submitted are reviewed by expectant mothers, new moms and baby caregivers. Products are not reviewed by any one person. They are reviewed by many people - the very people who would purchase them.

Tidy Tots Diapers received the Product of the Year award for an unprecedented second year in a row.

*Environmentally conscious, superior materials, designed for a perfect comfy fit throughout baby's diapering days without any adjustment and made here in the USA.
